Target Group:

Synopsis: Temple Station has created a Crime Tips section on their Internet home page. By clicking on the link associated with the city or area in which you live, you can conveniently report routine, non-emergent violations or nuisances to the Sheriff's Department.

The links can be located by using the following path: www.lasd.org/stations/for1/temple. Simply click on the area in which you live and an email will be routed to the special assignment office that can help you. If you would like a deputy to personally contact you and provide you with outcome information, don't forget to provide your name and a telephone number.

Please remember this is not for in-progress crimes or calls for service that require an immediate response. This mailbox is checked regularly and routed to the persons who can best address the problem or concern indicated. Please send text only and no attachments as this may delay our response.

For immediate response, please call our business line at 626-285-7171 or 911 for emergencies

Program Title: HOME SAFE

Category: PUBLIC SAFETY

Cost: \$0.00

Contact Person: WATCH DEPUTY

Phone #: (626) 285-7171

Email Address:

Collaborative Group:

Target Group: ADULTS, SENIORS

Synopsis: The "Home Safe" program was designed to better serve families and individuals who are dealing with issues of Alzheimer's Disease and Mental Health Disabilities.

The program is simple and allows Temple Station to "track" the patients living in our station area. Lost patients found wandering in our streets are quickly reunited with their family members or caretakers.

Program participation only requires that a family member or caretaker provide a photo of the patient and fill out a form with current information. The photos and information are stored at Temple Station, which can provide a ready reference for our field officers. It can reduce stress and reduce the length of time deputies spend handling "found adult" situations.

Program Title: SHERIFF'S TEEN TRAFFIC OFFENDER PROGRAM S.T.T.O.P.

Category: TRAFFIC ENFORCEMENT

Cost: \$0.00

Contact Person: SERGEANT B. IZELL

Phone #: (626) 292-3395

Email Address: templestationcrimetips@lasd.org

Collaborative Group:

Target Group:

Synopsis: Teen drivers who display poor or unsafe driving habits increase the likelihood of a serious traffic collision. The consequences of such a collision may result in costly property damage and personal injury or even death.

In an effort to bring the reality of unsafe driving to our teen drivers, we have implemented S.T.T.O.P. This program relies on our citizens to report unsafe teen drivers to our specialized hotline. After receiving the report of unsafe driving, we contact the driver and explain the dangers of unsafe driving.

When a member of the community observes a teenage driver operating a motor vehicle in a dangerous or reckless manner, their driving may be reported by calling the S.T.T.O.P. Hotline at (626) 292-3395. Please provide the vehicle's license plate number, vehicle color, and driver's description.

The S.T.T.O.P. program does not dispatch a deputy sheriff to take immediate law enforcement action. Rather, with the information left by the anonymous caller, a deputy conducts an "intervention" with the teenaged driver and his/her parent(s). The counseling session is designed to create positive change in the driving habits of our teenagers.
